

26th February 2021

Dear Sir/Madam,

I Rebecca Maday & family are residents of Kemps Creek, which is part of South Creek precinct and we are very disappointed with what the Department of Planning is presenting to residents regarding the green space/ environmental zoning.

We need answers NOW!

Our life is on hold. We cannot sell when you have zoned us Green Space. No one is buying a future park. This zoning is unacceptable & very unfair. There is no regard for the small land owners.

You need green space, you buy it! And buy it now, not in 10, 20 or 30 year's time. We want certainty and we are entitled to it. Please don't treat us with contempt!

Regards

Rebecca Maday & family.
