TO WHO IS READING THIS

Consultation & transparency is a complete FAILURE

The lack of information and transparency and obvious complete lack of any coherent planning and budgeting for land acquisition of green space throughout the area within a reasonable time frame is mind blowing that the Department of Planning can consider his acceptable to put forward to affected land owners as a plan. How can Governments think its okay to landlock residents for many years as we are constantly told that this airport is a 50 year plan, well i don't have 50 years, we should have the same freedoms of every person in Australia to move on with our lives.
