SUBMISSION

Lack of information - At EVERY presentation, Community meeting or written submission process with the Department of Planning & Environment, Planning Partnership or Liverpool City Council residents have raised many questions that have simply gone unanswered. Residents are advised that the information is either not available or not known by the presenters! This has been extremely frustrating for residents and has caused a great deal of distrust, stress and anxiety. The key concerns relate to acquisition on mixed use properties now zoned parks, why cannot anyone answer when will we be acquired or how long?

This is not acceptable and we deserve answers.

I agree to the above statement

Yes
