Submission

DPP

We have been residents of Bringelly for decades and what has now been called the Aerotropolis Core for the new Western Sydney Airport at BADGERY'S CREEK. While I have no objection to the Western Sydney Airport or the Aerotropolis, I do object with what is proposed for our area and the rezoning.

What I am concerned about as a land owner and a resident is not just for myself but for whoever will be affected by the South Creek Precinct as NSW planning/ NSW Government new zoning as we cannot move on with our lives.

I do not agree on rezoning land environmental/recreational and leaving it under private ownership to achieve more green space at the expense of land owners and no expense to the Government!

I do not agree to a new zoning of E&R for the Aerotropolis which to date has been undefined and no one can tell us any information on it.

I oppose any type of e-zone as there is very little environmental significance in these areas.

Any land required for open spaces should be zoned as RE1 and acquired as would happen with any other development in NSW.

Regards

I agree to the above statement

Yes
