Dear Sir or Madam

I am a resident of Victor Avenue, Kemps Creek. I have always welcomed the new airport.

My property [REDACTED] is not located near South Creek and yet I am adversely impacted, both directly and indirectly, by some of the concepts contained in the current Western Sydney Aerotropolis Planning Package. My land located on the other side of Victor avenue away from South Creek. I do not agree with the rezoning of my land to environmental/recreation. We have been living in the Kemps Creek area for the last 30 years and we have never witnessed flooding from South Creek onto our property.

We are honest and hard-working ordinary Australian that had saved up and purchase our home and land to secure our future. Like many Australians, we hope that one day we are able to sell our biggest asset so that we can retire and live modestly. However, with the stroke of your pen, our property is now worthless. Who will be buying our land?. This is not fair and un-Australian. The concept of reward for your hard work doesn't seem to apply.

Since discovering that our land is to be rezoned for environmental/recreation, we have lost faith in the whole planning processes as we feel our land was robbed from us. We have put all our sweats, blood, and tears to own this land by making sacrifices in life. Please do not take this away from us by rezoning our land to environmental/recreation.

**I agree to the above statement**

Yes
