Submission

I Monika Muscara live at [REDACTED] Floribunda road Kemps Creek N.S.W 2178. I disagree with the proposed zoning of our family property to be mostly zoned for Environmental green space and parklands. I do not believe it is needed for this zoning as there are hundreds of acres bordering the back of our boundary that can be used for your Environment green space zone. I believe you are zoning this for the future benefit of the government and it is far better of use to all be fully zoned for Enterprise as it will bring more employment and use to the new city surrounding the airport.

With every new development there will need to be sufficient storm water drainage in place making our property as asset to the new city. I ask the line to be taken back to the creek and for the property to be fully zoned for Enterprise.

Regards

Monika Muscara
