Submission

I have lived at [REDACTED] Overett Avenue Kemp's Creek for 67 years and am most distraught to learn that the Government is acquiring our land which has been zoned Environmental and Recreation, deeming it worthless. Initially we were zoned light industry/urban and with the stroke of a pen the zoning changed numerous times causing grief and anxiety attacks to all concerned

I understand an Airport and infrastructure is important and job creative and support that, but why penalise us by rezoning our land that no one wants to look at.

In hope

Eleonore Milenkovic

Our whole livelihood has been invested in this property, my husband and I in our 70s, both unwell, and if we need to go to a nursing home could not sell as the government is not willing to commit to us.

All we ask that we are offered equitable compensation for our land as quickly as possible so we can move on whilst we are able to.

Our land rates are escalating and as pensioners are finding the cost hard to meet. How long will we be made to stay here before the governing bodies take heart in offering early acquisitions.

I agree to the above statement

Yes
