Submission

I own the property at [REDACTED] Derwent Street Bringelly.

I understand that my property is in the second priority sequencing area and is NOT in a green zone.

I have been advised that a local road has been identified on my property but I have not been advised on how this will impact my property values. This is of a concern to me.

I am in support of plans to stimulate growth in the area but oppose any future changes that will impact on the value of my property, primarily any encroachment of green space onto my property.

I would like to be kept abreast of any changes to the plans and how they may impact me and my family.

I also feel that without available information on the local road, I have been deprived the opportunity to lodge a more robust submission.

Thank you,
Sandra Samardzic
