DEPARTMENT OF  
PLANNING, INDUSTRY  
AND ENVIRONMENT

29<sup>th</sup> August 2020

Dear Executive Director

Our family moved to Mary Gilmore Road 32 years ago. Over this time we have spent a considerable amount of money on our home, out buildings, fencing, farming infrastructure. We are so disappointed at the proposal of SAP to extend industrial from Trahairs Road to Mary Gilmore Road.

As the proposal will place our home within a few hundred metres of the solar farms and industrial development. As other homes on Mary Gilmore Road, as some are situated close to the road way.

Our life's work has gone into developing our home and block here. This proposal will devalue our properties. The value of our legacy to be handed to our children will therefore depreciate.

How would you feel if this was your home?

Regards

D. R & L. Andreatta
