Submission: Regarding the light industrial area on the corner of Bavin and Byrnes road.

Would like to see a sign installed on Bavin Rd stating 5t limit. it is a dirt road and does not have capacity for a light truck, heavy vehicle to turn around along the road. Would also insist on TNSW and Dept Planning installing a designated bus stop for the 5 children that catch the bus from the corner here and get dropped off here. It is NOT a safe place. the bus pulls off on grass, these kids will be going on the school bus for the next 12 years plus. (due to their ages). It is not a safe spot and the speed limit is 80km on a sweeping bend, stopping a truck going down a hill and coming up a blind hill is dangerous.
