Submission: To whom it may concern. Myself and my family are locals to the Brucedale community since 2004 and would like to raise our concerns about the over the proposed 'special activation precinct'. We have been long standing members of this community and made the decision to build in the country and believe the values on which we moved here will be compromised. We are deeply concerned that our home will be intruded by the proposed industrial outlook that will incur excessive noise, odors, increased traffic, bright lighting around the clock & effect the native wildlife. Speaking on behalf of myself and my family we would like to stress that we do not support the progression of this project and fear that our lives at home will be deeply effected if it was to go ahead. Regards, [REDACTED]
