Submission: Wagga SAP Master Plan. Living in the rural area of Brucedale, I wish to object to the change of the boundaries of farmland to industrial land, from Trahairs Road to include the area between Trahairs Road and Mary Gilmour Road. The introduction of industrial activities so close to our home, under a kilometre, will bring to our doorstep industrial and waste pollution in the form of noise, smells and light. This will affect our mental and physical state of well-being with constant, 24 hour harassment by industrial pollution. We purchased land and built our dream home 20 years ago with what we were assured at the time that we were far enough away from industrial pollution to not have an effect on our well-being and now this dream of pleasant rural living will be denied us. I implore you to revert to the original plan of ending the industrial area at Trahairs Road
