Hi gentlemen,

A draft information sheet for industry and investors is attached following our recent meeting with WWCC. No further information came through from WWCC so they said just proceed and get something together.

I’ve pulled the info from the annual report, our website, DPIE + WaterNSW reports and general comments made during the meeting, and otherwise elaborated/guessed so please check you are comfortable with the claims.

WWCC and the SAP team will look to use this to handout to interested parties, and WWCC will combine some information into their wider city prospectus also.

Thanks,
Josh
